Each year, participating agricultural colleges across the nation provide data to summarize entry-level salaries of recent graduates of their programs. The information is useful to help illustrate industry trends and provide appropriate baselines for both students and employers. The summary, which is coordinated by Iowa State University, includes information collected by career services offices from December 2019 and May 2020 undergraduates. After the data are tabulated, the summary is finalized in August of each year and disseminated to contributing schools for appropriate use. This year, the participating universities were:
