

CALS Fast Facts for Employers

Mission

The mission of the College of Agricultural and Life Sciences is to provide undergraduate and graduate students with a high quality education that **results in knowledge and abilities for gainful employment** and additional education, productive citizenship and lifelong learning in the areas of food, agriculture, natural resources and life sciences as they relate to human resources, the environment, individual communities and a global society.

Why Choose CALS?

As the fourth largest college at the University of Florida and the fourth largest college of agriculture and related sciences in the United States, CALS is an educational leader in the areas of food, agriculture, natural resources and life sciences. Our students have a wide variety of interests ranging from traditional agriculture and social sciences to natural resources, the environment and more traditional core sciences.

Employer Resources

In addition to the services offered by the University of Florida Career Resource Center (www.crc.ufl.edu), the College of Agricultural and Life Sciences offers employers the following resources:

- CALS Career Expo, held each February
- Promoting job postings
- Connecting employers with advisers
- Connecting employers with classroom speaking opportunities and student organizations

Fall 2014 CALS Enrollment by Race

Numbers updated each February by the UF Office of Institutional Planning and Research

Fall 2016 CALS Enrollment by Major

Major	Undergraduate	Graduate	TOTAL
Agricultural and Biological Engineering (CALS)		26	26
Agricultural and Biological Engineering (College of Engineering)	118	41	159
Agricultural Education and Communication	149	68	217
Agricultural Operations Management	62		62
Agronomy		76	76
Animal Molecular and Cellular Biology		20	20
Animal Sciences	555	64	619
Biology	656		656
Botany	14		14
Dietetics	56		56
Doctor of Plant Medicine		24	24
Entomology and Nematology	36	122	158
