Call to Order: The College of Agricultural and Life Sciences Curriculum Committee met on April, 2011 in Rm. 101 of the Aquatic Products Lab. Dr. Wendell Porter called the meeting to order at 2:30 p.m.

This was a special meeting of the committee specifically to review graduate program student learning outcomes (SLO)

After an initial overview of the SLO process and confirmation that all graduate programs in CALS had submitted the required materials, a motion was made by Dr. Blakeslee to approve the SLOs as submitted. The motion was approved.

Some discussion of the similarities among programs in approach to SLOs followed with a few questions and comments about submitted documents. One proposed change was suggested and agreed to by Dr. McGovern to remove language about continuing education from the SLO related to professional behavior.

Conclusion
The meeting was adjourned at 3:30 p.m.
