Courses Approved for the Cultural/Social Component of the Graduate International Minor in the Agricultural and Life Sciences

Interdisciplinary
LAS 6290 Tropical Conservation and Development
LAS 6291 Conservation and Development Skills
LAS 6292 TCD Research Methods

Family, Youth & Community Sciences
FYC 6230 Theories of Youth & Family Development
FYC 6330 Theories of Community Development
FYC 6660 Public Policy and Human Resource Development

Tropical Ecology
EES 5305 Ecological and General Systems
PCB 5046 Advanced Ecology
ZOO 6927 Ecological Basis of Tropical Conservation

Social Science
ANG 5266 Economic Anthropology
ANG 5303 Women and Development
ANG 5354 Anthropology of Modern Africa
ANG 6930 Gender and International Development
ANG 6930 Regional Analysis
ANG XXXX Ethnobotany
CPO 6036 Politics of Developing Societies
CPO 6077 Social Movements in Comparative Perspective
FCS 6000 Human Ecology and Community Systems
GEA 6419 Geography of South America
GEA 6468 Resource Utilization and Conservation in Latin America
GEO 5809 Geography of World Agriculture
GEO 6938 Food and Agriculture in Africa
INR 6039 International Political Economy
LAH 5934 History of Amazonia
PAD 6865 Development Administration
POL 6933 Peasants
PUP 6008 Public Policy Analysis
PUP 6015 Comparative Policy Analysis
REL 5XXX Native Religions of the Americas
REL 5195 Topics in Religion and Society
REL 6XXX Ethics and Natural Sciences
REL 6XXX Advanced Readings in Environmental Ethics
REL 6XXX Religion and Politics in the Americas
REL 6XXX Religions in Latin America
SYA 7933 Environment and Society
WST 6348 Ecofeminism
WST 6935 Gender, Development, and Globalization
Courses Approved for the *Technical Component of the Graduate International Minor in the Agricultural and Life Sciences*

### Agricultural and Life Sciences
- **ALS 6933** Tropical Agroecology
- **ALS 5036** Contemporary Issues in Science
- **ALS 6933** Topics in Tropical Managed Ecosystems

### Agronomy
- **AGR 5511** Crop Ecology
- **AGR 6233C** Tropical Pasture and Forage Science

### Botany
- **BOT 5685C** Tropical Botany
- **PCB 6356C** Ecosystems of the Tropics

### Entomology and Nematology
- **ENY 5566** Tropical Entomology

### Family, Youth and Community Sciences
- **FYC 6230** Theories of Youth and Family Development
- **FYC 6330** Theories of Community Development
- **FYC 6660** Public Policy and Human Resource Development

### Food and Resources Economics
- **AEB 5167** Economic Analysis in Small Farm Livelihood Systems
- **AEB 6453** Natural Resource Economics
- **AEB 6612** Planning and Policy for Agricultural Development
- **AEB 6645** Economic Development and Agriculture
- **AEB 6675** International Agribusiness Marketing
- **AEE 5232** Farming Systems Research and Extension Methods

### Forest Resources and Conservation
- **FNR 5335** Agroforestry
- **FOR 5615** Forest Conservation and Management Policies and Issues
- **FOR 6170** Tropical Forestry
- **FOR 6934** Education for Sustainability

### Horticultural Science
- **HOS 5616** Agricultural Meteorology
- **ORH 5322C** Palm Biology and Culture
Plant Pathology
PLP 5053    Tropical Plant Pathology

Soil and Water Science
SOS 5050    Soils for Environmental Professionals
SOS 5132    Tropical Soils Management
SOS 6932    Graduate Seminar in Tropical Soils (1 credit hour)

Wildlife Ecology and Conservation
WIS 5323C   Impact of Diseases on Wildlife Populations
WIS 5555C   Conservation Biology
WIS 6426    Landscape Ecology and Management for Biodiversity Conservation
WIS 6452    Wildlife Ecology
WIS 6575    Mammalian Carnivores
WIS 6578    Human Dimensions of Biological Conservation
WIS 6934    Pattern and Process in Landscape Ecology
