**Course Description**

Explores questions in human well-being and sustainability building a foundation for addressing global challenges associated with global population. Transdisciplinary experts lead diverse and innovative discussions, complex adaptive problem solving; and the integration of economic, environmental, food, health, and social system perspectives.

**GLOBAL LEADERSHIP + CHANGE CERTIFICATE COURSEWORK**

**Course Objectives**

Given participation in the course, students will have the opportunity to engage in the mastery of the following objectives:

1. Develop an appreciation and understanding for the intersection between social and natural sciences necessary for addressing global challenges
2. Apply systems thinking within local, regional, and global contexts
3. Use critical thinking to solve problems
4. Recognize and act upon leadership opportunities as a global citizen

\* ALS2410 fulfills the first course requirement for the Global Leadership & Change Certificate. For more information on the Certificate, ask Dr. Coers ([ncoers@ufl.edu](mailto:ncoers@ufl.edu)).

\*ALS2410 also fulfills a course requirement for the International Scholars Program. For more information, visit [here](#).

### **Course Materials**

*The following book is required:*

Heifetz, R. A., Grashow, A., & Linsky, M. (2009). *The practice of adaptive leadership: Tools and tactics for changing your organization and the world*. Harvard Business Press.

*The following book is recommended:*

Rosling, H., Rosling Ronnlund, A., & Rosling, O. (2018). *Factfulness: Ten reasons we're wrong about the world – and why things are better than you think*. New York, NY: SCEPTRE.

Other readings will be provided for the course related to weekly topics engaging students in domestic and global current events.

### **Course + University Policies**

***In-Class Recording:*** Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third-party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student

***Attendance/Engagement:*** It is an expectation that you attend every class session; we desire both your physical presence, as well as your mental engagement with the course content. Attendance/Engagement are a factor in your final grade for the course. This course includes a number of guest speakers that may prohibit the recording of a class session; as such, some sessions and connected assignments may not be feasible for ‘making up’ a class.

We are mindful of the strong relevance of our course content to the current state of our world. Inasmuch, we are aware that unexpected things happen in life (i.e. global pandemic, health

emergencies, internet issues, etc.) that are outside of your control; we simply ask that you be open and honest regarding barriers to attendance/engagement so we can work something out. Should you be unable to attend class, please contact me *prior to* the class session you will be absent from. More information regarding university attendance policy can be found at <https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/>.

***E-Learning:*** All students are expected to check Canvas (<https://elearning.ufl.edu/>) on a regular basis. Please ensure that you have access to this service. Additional handouts, readings and supplemental material will be housed in Canvas, this includes your grades.

***Software Use:*** All faculty, staff and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against university policies and rules, disciplinary action will be taken as appropriate.

***Course Add/Drop:*** Courses may be dropped or added during the Drop/Add period without penalty. The Drop/Add period is the first five days of classes during fall or spring semester, and the first two days of classes for summer terms. The specific dates are listed in each term's [academic calendar](#).

After Drop/Add, students may withdraw from a course up to the date established in the university calendar. A grade of W will appear on the transcript, and students will be held liable for course fees. All drops after Drop/Add must be submitted to the Office of the University Registrar by the deadline.

***Online Course Evaluation System:*** Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. [Click here for guidance on how to give feedback in a professional and respectful manner](#). Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via [ufl.bluera.com/ufl/](http://ufl.bluera.com/ufl/). [Summaries of course evaluation results are available to students here](#).

### **Campus Resources:**

***Students with Disabilities:*** "Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation." The Disability Resource Center coordinates the needed accommodations of students with disabilities. This includes registering disabilities, recommending academic accommodations within the classroom, accessing special adaptive computer equipment, providing interpretation services and mediating faculty-student disability related issues. 0001 Reid Hall, 392-8565, <https://disability.ufl.edu/students/get-started/>

***Late Assignments:*** All work is due via Canvas by 11:59 PM on the assigned date unless otherwise specified. Assignments submitted within one week of the original due date will be evaluated less 10% of the assignment point value. Assignments submitted beyond one week of the original deadline are subject to the discretion of the instructor regarding possible points for evaluation (no more than 50% value possible beyond one week).

### **Academic Integrity:**

In 1995 the UF student body enacted an [honor code](#) and voluntarily committed itself to the highest standards of honesty and integrity. When students enroll at the university, they commit themselves to the standard drafted and enacted by students.

**The Honor Pledge:** **We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.**

On all work submitted for credit by students at the university, the following pledge is either required or implied: **"On my honor, I have neither given nor received unauthorized aid in doing this assignment."**

Students should report any condition that facilitates dishonesty to the instructor, department

chair, college dean, Student Honor Council, or Student Conduct and Conflict Resolution in the Dean of Students Office.

(Source: 2019 *The Orange Book*, UF Regulation 4.040, p. 12)

It is assumed all work will be completed independently unless the assignment is defined as a group project in writing by the instructor.

**Plagiarism:** A Student must not represent as the Student's own work all or any portion of the work of another. Plagiarism includes but is not limited to:

- Stealing, misquoting, insufficiently paraphrasing, or patch-writing.
- Self-plagiarism, which is the reuse of the Student's own submitted work, or the simultaneous submission of the Student's own work, without the full and clear acknowledgment and permission of the Faculty to whom it is submitted.
- Submitting materials from any source without proper attribution.
- Submitting a document, assignment, or material that, in whole or in part, is identical or substantially identical to a document or assignment the Student did not author.

### **Course Requirements**

*This is My World Credo* – The ways in which we address complex, adaptive challenges require an understanding of our personal world view and an understanding of how our views impact potential solutions, collaborations, etc. Each student will write a credo expressing their world view. Additional details for the assignment are located in Canvas.

*Reflection Papers* – Students will reflect on the various guest presenters concerning global issues and the discussions with their peers that follow. The prompts require students to apply course content to their lives, communities, and/or current regional/global events as they reflect on knowledge gained. Students are expected to demonstrate quality depth of thought, critical thinking, and creativity in their writing. Additional details and the grading rubric for the assignment are located in Canvas.

*Issue Leader Interview* – Part of leadership development is learning from others. Students will identify a leader who they believe is working toward a solution for their selected global issue (locally, nationally or internationally). They will describe the problem, their leader's approach to this problem, his/her venue for communicating the solutions, the overall effectiveness of the leader at addressing this issue. Once identified, you will develop a one-page 'executive summary' paper describing what you learn through your interview. Additional details and the grading rubric for the assignment are located in Canvas.

*Global Issue Brief Project* – Students will engage upon a semester long inquiry to a specific global issue through individual research and exploration. This project will build through the semester with six smaller assignments to provide feedback toward your final brief:

- *Issue SDG Exploration* – Each student will identify a specific Sustainable Development Goal relevant to their personal interests, then explore what elements of that goal will be focused upon for the project in a specified geographic context.
- *Issue Scope & Importance* – For the issue in focus, each student will identify a minimum of 5 academic articles that describe your selected issue and provide an annotated

bibliography for those articles. Additional supporting articles (popular or academic) should be utilized to present a comprehensive understanding (scope and importance) of your issue in the selected context.

- *Issue System* – For the selected global issue, each student will illustrate the connected systems. Stakeholder description for the Issue Brief.
- *Issue Brief Paper* – A 5-7 page research paper with proper academic citations provides depth of context for the selected global issue.
- *Issue Infographics* – Each student will create an infographic for their global issue.
- *Presentation* – Each student will do a 2-4 minute oral presentation on their issue, highlighting their Issue Infographic.

Additional details and the grading rubric for the assignment are located in Canvas.

*Engagement* – Active participation is critical to our course. Student will be evaluated on depth of thought, direction of perspectives, and overall benefit to the class and our collective learning. Attendance, interaction with guest speakers, online participation, and observed participation with your peer issue group will all play a role in your engagement grade.

### Course Grading

Grades will be earned based on the degree to which the student fulfills the assigned requirements for the designated project, integrates course discussions and perspectives, provides support from the literature for his or her findings, and synthesizes his or her own independent thought into the assignment.
