Earn six credits through this interdisciplinary program that enables students to enhance their knowledge in engineering, life sciences, and planning processes and combine it with hands on lab work and company visits. Students will benefit from the application oriented and interdisciplinary approach of Osnabrück University of Applied Sciences to address and solve major problems on the way to a sustainable use of natural resources and innovative development.

Osnabrück is located in Lower Saxony in Northwestern Germany. The peace agreement between Protestants and Catholics that helped end the 30 Years’ War was brokered here, earning it the nickname, “City of Peace.”

Tour major German manufacturers to include GM-Hütte, a steel manufacturing industry, manufacturers of harvest and tillage equipment, and the VW automobile plant in Osnabrück. Travel to Berlin, Bonn, Münster, Bremen and the North Sea, and a UNESCO World Heritage site. Trips to castles, palaces, and museums.

You will be sharing a double-room together with another student in a historical, newly renovated guesthouse on the University of Applied Sciences campus.
PRICING

WHAT’S INCLUDED

A $395 nonrefundable deposit toward the total cost of the program is due at the time of application. The remaining fees are due no later than 45 days prior to departure. If you receive financial aid, you can defer payment until it disburses. Deferment decisions will be based on the amount of aid to be received.

Housing, course-related tours and excursions, public transportation pass, course material packets, health insurance, and 24/7 emergency assistance.

WHAT’S NOT INCLUDED

Round-trip airfare, meals, additional personal travel, and personal expenses

ELIGIBILITY REQUIREMENTS

- Open to all majors
- Minimum 2.5 GPA
- Must be in good standing

FINANCIAL AID

Most financial aid that you would receive on campus can be applied toward the cost of this program. However, all financial aid eligibility is determined by Student Financial Aid & Scholarships.
